

NEW TRAVEL SUPPORT PROJECT - OPEN FOR REFERRALS

Hand in Hand is a Volunteer Peer Travel Buddy scheme that helps vulnerable Islington residents successfully travel to other locations in Islington or Camden for appointments, courses, services, walks in green spaces, or events. If you have clients who need assistance or support with travel or reminding of appointments you can now refer them to the scheme.

N.B. The scheme is pedestrian and public transport. We do not have vehicles available.

The buddies can:

- Remind people of the appointment
- Accompany residents to appointments, events and activities that they otherwise struggle to attend.
- Provide physical and emotional reassurance during travel and the activity itself
- Support social connectedness by providing friendly, appropriate, and encouraging conversation en route to the activity
- Assist linking with other offers (via information given by partner agencies) by offering information/signposting
- Be available Monday to Friday, 9:30-5:00 including travel time

The peer travel buddies are trained, DBS checked and receive supervision, but they are not providing therapy or wider peer support, and they are not entering client's homes. Their role is primarily in linking, escorting, reminding and reassuring. Although the buddies will be friendly, Hand in Hand is not a befriending service. To allocate a volunteer buddy, we usually need one week notice.
